

State of California
Regional Water Quality Control Board
San Diego Region

EXECUTIVE OFFICER SUMMARY REPORT
February 14, 2007

- ITEM: 6
- SUBJECT: Amendment of Waste Discharge Requirements: *General Waste Discharge Requirements for Post-Closure Maintenance of Inactive Hazardous and Non-hazardous Landfills within the San Diego Region*: Tentative Addendum No. 5 to Order No. 97-11. (Amy Grove)
- PURPOSE: Tentative Addendum No. 5 would, if adopted, terminate enrollment in Order 97-11 for the Survival, Evasion, Resistance, and Escape (SERE) Camp Landfill, previously operated by the Department of the Navy (the Discharger) near Warner Springs in Riverside County.
- PUBLIC NOTICE: A Public Notice of this agenda item was published in: (1) the Notifications section of the Regional Board meeting agenda for December 13, 2006 (see <http://www.waterboards.ca.gov/sandiego/rb9board/meetings.html>); (2) the North County Times on December 26, 2006 and Riverside Press Enterprise on December 23, 2006 (Attachment 5). The draft agenda package was sent to the Discharger on January 5, 2007; and made available to the public via the Regional Board web page on January 8, 2007. These actions comply with the public participation requirements of CCR Title 27 Section 21730(b).
- DISCUSSION: The SERE Camp Landfill (the "Unit") is currently regulated under general waste discharge requirements, Order No. 97-11 and addenda thereto, issued by the San Diego Regional Board. The Discharger conducted a time critical removal action, including field sampling and clean closure activities, during February 2005 through December 2005. On July 26, 2006 the Discharger provided the Regional Board with a Removal Action Closeout Report. Based on the information provided to the Regional Board, the Unit meets the applicable State requirements for clean closure of a landfill/Unit, under California Code of Regulations (CCR) Title 27, §21090(f).

KEY ISSUES: In 1982, the Discharger ceased all waste storage and treatment operations at the Unit. The Discharger has complied with the applicable State requirements for clean closure of landfills pursuant to CCR Title 27 §21090(f).

LEGAL CONCERNS: None.

SUPPORTING DOCUMENTS:

1. Site Map
2. Tentative Addendum No. 5
3. State Regulatory References
4. Staff Reports
5. Public Notices

RECOMMENDATIONS: Adoption of tentative Addendum No. 5 to Order No. 97-11 is recommended.
